Boot Northerner MAX #75120

NORCROSS

Using new Triple Density Technology, Northerner Max knee boots are injection molded of three carefully chosen compounds. The result is seamless, 100% waterproof boot that is better formulated for agricultural use. It features a FOOT FORM contour cushion insole and a built-in ergonomic footbed that maximizes its fatigue-fighting design. Durability is enhanced by its extended and ribbed steel shank and reinforced construction at critical stress points. Olive green with black sole. Made in the USA!

Boot #2300 Hi Top

TINGLEY

Natural Rubber Work Overshoes Stretch Easily Over The Bulkiest Of Workshoes. Bigger, Wider And Longer! With its reinforced heel and toe, our work overshoes are designed to stand up to tough daily wear. Injection molded, seamless construction for 100% waterproof protection. Excellent tensile strength, ease of stretch and tear resistance for more durability, better comfort and easier on and off. Will not crack or stiffen in the coldest of weather. Deep cleated outsole spits out debris for good slip resistance and longer wear. Heavy duty heel kick-off cleat for easy no hands removal. Sturdy molded in rubber button on boot styles, for secure closure. No hardware to conduct, tear, or snag. More material in heel, toe, and sole for longer wear. Less material in the upper results in lighter weight and reduced leg fatigue. Design will better fit today's larger work shoe styles, including steel toe work boots.
