CyLence Pour-On Insecticide

BAYER

No other pour-on insecticide can provide the residual control of flies that is available with CyLence. Its active ingredient, cyfluthrin, is 4 to 6 times more active than older pyrethroid compounds. CyLence is proven effective on horn flies

and face flies, as well as biting and sucking lice. It does not require milk withdrawal for lactating animals. This is a ready-to-use compound.

ITEM #	MFG #	CASE/UNIT
9536	BAY13590	12 x pt
9537	BAY13596	4 x 6 pt
13154	BAY0515	1 x each (Pour-On Gun)

Durasect II

PFIZER

Durasect II is a long-acting, highly concentrated pour-on. Its waterproof formulation binds to hair and contains two insecticides (permethrin and pyrethrins), plus a synergist (piperonyl butoxide) that increases the effectiveness of both insecticides. It's

approved for lactating and nonlactating cattle, and calves. It controls horn flies (including pyrethroid-resistant flies), face flies and biting lice. No milk or meat withdrawal is required.

ITEM #	MFG #	CASE/UNIT
74693	PFE7032	6 x 900 ml

Durasect Pour-On

PFIZER

Durasect is waterproof, so the permethrin insecticide stays on the animal much longer than other leading insecticides. It controls susceptible horn flies for up to 11 weeks and face flies for at least four weeks. It also controls sucking and biting

lice. Its longer duration means fewer applications during fly season. No withdrawal for milk or slaughter is required. Do not use as a spray.

ITEM #	MFG #	CASE/UNIT
13184	PFE7030	4 x gal

EXILE™ Pour-On For Cattle

AGRIPHARM

Lambda-Cyhalothrin Pour On for Cattle. A powerful, broad-spectrum pyrethroid that controls horn flies & biting & sucking lice on beef cattle or calves. Contains the highly bioactive pyrethroid -- lambda-cyhalothrin. Dosage: Apply down

the backline at the rate of 10 ml/head for cattle less than 600 lbs, or 15 ml/head for cattle over 600 lbs. Do not use on veal calves. No withdrawal period.

ITEM #	MFG #	CASE/UNIT
110522	AGP0708	4 x gal
126035	AGP0775GUN	1 x each (Pour-On Gun)

Did You Know?

- There are more than 16,000 species of flies found in North America.
- Flies lay up to 3,000 eggs in their lifetime of one month.
- Common houseflies have a maximum flying speed of 5 miles per hour and beat their wings 200 times per second!
- The black fly is only about 1/8 of an inch long.
- Flies have 4,000 separate lenses in each eye—8,000 in all! But they have poor vision.

Permethrin CDS Pour-On

KMG CHEMICALS

Apply as a pour-on, mist spray, or back rubber to lactating and nonlactating dairy cattle, beef cattle, and calves to control lice, horn flies, and face flies. Also aids in the control of stable, horse, house and black flies, and mosquitoes. Apply 2 ml per 100 lb of body weight for pour-on application. Permethrin CDS can also be used as a wipe or spray on horses to fight flying pests and ticks.

ITEM #	MFG #	CASE/UNIT
18464	KMG408311	12 x 16 oz

Permethrin II Pour-On

KMG CHEMICALS

For direct application to beef and dairy cattle, swine, horses, and pets to control flies, lice, mites, ticks, and fleas. Use as a premise spray for control of flies or in a back rubber. Safe for direct application. Long-term effectiveness, economical, flexible dilution rate.

ITEM #	MFG #	CASE/UNIT
7219	KMG401421	12 x 8 oz
7220	KMG401411	6 x qt

Permethrin Pour-On

KMG CHEMICALS

Effective against a wide range of insect pests including lice, horn flies, face flies, horse flies, keds, black flies, and mosquitoes. Use on lactating and nonlactating dairy cattle, beef cattle, calves, and sheep. Migrates over the animal's hair

coat and skin, reducing risk of host and parasite reaction. No label restrictions regarding other treatments and medications. Use on cattle of any age, breed, or sex. Requires no milk withholding or pre-slaughter withdrawal. Pour down the backline of the animal according to label directions.

ITEM #	MFG #	CASE/UNIT
7221	KMG407211	6 x gal

Saber Pour-On

INTERVET

Use Saber for long-lasting control of horn flies and biting and sucking lice. It's effective at very low dosage rates. It is approved for beef cattle of all ages. No slaughter withdrawal is required. Use 10 ml for cattle less than 600 lb and 15 ml for cattle heavier than 600 lb.

ITEM #	MFG #	CASE/UNIT
12663	IVA065526	6 x 900 ml
90435	IVA067630	1 x each (Dose Gun)

Synergized Delice Pour-On

INTERVET

Contains not one, but two active ingredients: permethrin insecticide and photostable piperonyl butoxide as a synergist. Controls lice, horn flies and face flies, and aids in control of horse flies, stable flies, black flies, ticks and mosquitoes.

Its residual activity breaks the life cycle of lice and provides fly control in the summer. Approved for use on lactating dairy cattle. Can be used as a pour-on, spray, mist spray or back rubber. Labeled for sheep also.

ITEM #	MFG #	CASE/UNIT
12766	IVA065573	6 x gal

Ultra Boss Pour-On

INTERVET

Its fast acting formulation contains 5% piperonyl butoxide (P.B.O.) and 5% permethrin for optimal pest control of horn flies, face flies, mosquitoes and lice. P.B.O. improves the effectiveness of pyrethroids for a broad range of insects, including biting flies, mosquitoes and lice. P.B.O. decreases the amount

of permethrin needed to achieve a desired killing effect on insects. Ultra Boss uses a convenient low-volume dosage, with no preslaughter withdrawal or milk discard. Apply 3 ml per 100 lb of body weight for beef and dairy cattle.

Tomcat Ant Gel Bait

MOTOMCO

TOMCAT Ant Killer Gel Bait combines the active ingredient, Indoxacarb, with an easy-to-apply gel formulation. Great for killing ants indoors and out.

Labeled for 15 species of ants,

more than twice as many as other brands. Its handy syringe applicator lets you apply the gel directly as a crack & crevice treatment or apply small amounts of the gel on the “less-mess” bait trays included in the package.

ITEM #	MFG #	CASE/UNIT
128882	MOT37630	12 x 30 gm

Tomcat Ant Killer

MOTOMCO

Tomcat Ant Killer features Indoxacarb, the most advanced active ingredient in the industry. Ant killer is ideal for: Lawns, home and business perimeters, gardens, sidewalks, patios, driveways. Tomcat Ant Killer introduces the new active ingredient Indoxacarb, which is highly

attractive and deadly to ants. Worker ants ingest and transport the bait, ensuring the demise of the colony, queen and mound. Safe formula allows people and pets to return to the area immediately after application. To apply, broadcast (1 lb. per 1,000 sq. ft.), apply a 5-ft.-wide perimeter around a building or apply 4 tbsp. per mound. Tomcat Ant Killer is packaged in a resealable bag with a shaker screen. NOTE: Not for sale in AK.

Simple and effective traps use attractants to lure cockroaches into multiple openings, where they are caught in high-strength glue. Ideal for areas where pesticides are not allowed or desired... kitchen

cabinets or drawers, behind or beside refrigerators or stoves, in bathrooms and basements. Four roach traps per box.

ITEM #	MFG #	CASE/UNIT
124148	MOT37516	16 x 4's

Insecticide Eartags

Trap EZ

FARNAM

Revolutionary accordion design provides 3 times the trapping surface of leading sticky fly trap. Insecticides-free, odor free. Ideal for stables, kennels, gardens and homes. Attracts and traps flies and other flying insects such

as aphids, whiteflies, leafhoppers and many more. Special long lasting, rain-proof adhesive.

ITEM #	MFG #	CASE/UNIT
98606	FAR3004323	12 x 2's

Trap, Yellow Jacket

WOODSTREAM

Controls yellow jackets Shatterproof Non-toxic bait Sits or hangs.

ITEM #	MFG #	CASE/UNIT
41094	WOOM370	6 x each

Trap-N-Toss Fly Trap

FARNAM

A disposable fly trap which attracts flies without an insecticide. The trap will hold 10,000 flies. Its special patented attractant contains feeding stimulants plus a powerful sex pheromone. Can be hung up or set on the ground. Easy to use, just add attractant and water.

ITEM #	MFG #	CASE/UNIT
8297	FAR014624	12 x each

Premise Insect Control - Miscellaneous

Fogger, Tri-Jet #6208

FOGMASTER

Designed for insecticides, handling both water and oil base emulsions. Adjustable model, up to 5 gal per hour output. Has a one gal tank with wide filler opening so a funnel is unnecessary.

ITEM #	MFG #	CASE/UNIT
54422	FGM6208	1 x each

NOTES

Insecticide Eartags

Avenger Insecticide Ear Tag

KMG CHEMICALS

Avenger insecticide ear tags effectively controls horn flies for up to 5 months on beef and lactating dairy cows by utilizing the active ingredient edosulfin, a brand new chemical class never before used in animal health. It also protects against ticks, lice, stable and house flies. It is not a pyrethroid or an organophosphate, therefore is an excellent choice when resistance is an issue. Attach one tag per animal, or for optimal control attach one tag to each ear. Allflex system. 15 gm.

ITEM #	MFG #	CASE/UNIT
114182	KMG236331190	16 x 20's

Corathon Ear Tags

BAYER

Corathon controls horn flies, face flies, Gulf Coast ticks and spinose ear ticks, up to five months on beef and non-lactating dairy cattle. It contains 50% organophosphate, 25% more active ingredients than the Co-Ral Plus Insecticide Ear Tag. For optimum control, attach two tags per mature animal. Attach one tag per calf. Attach with Allflex Universal Total Tagger.

ITEM #	MFG #	CASE/UNIT
128257	BAY81531197	12 x 20's

Cyguard Ear Tags

BAYER

CyGuard controls horn flies, face flies, Gulf Coast ticks and spinose ear ticks, up to five months on beef and dairy cattle, including lactating cows. It contains 87% more beta-cyfluthrin than the CyLence Ultra Insecticide Cattle Ear Tag. For optimum control, attach two tags per mature animal. Attach one tag per calf. (Allflex Universal Total Tagger)

ITEM #	MFG #	CASE/UNIT
128206	BAY81531227	12 x 20's

Dominator Insecticidal Eartags

INTERVET

Controls susceptible horn flies, including pyrethroidresistant horn flies. Its unique triangular shape prevents tag from breaking off at the neck. It's easily applied with Allflex tagging system. For use on beef and nonlactating dairy cattle and calves.

ITEM #	MFG #	CASE/UNIT
10563	IVA067783	15 x 20's

GardStar Plus Insecticide Ear Tags

Y-TEX

Two tags per animal gives season-long control for horn flies, face flies and Gulf coast ticks. GardStar tags aid in the control of spinose ear ticks, lice, stable flies and houseflies. Guaranteed against loss due to tag or button failure. Guaranteed against breakage for up to five months. Easier, faster,

exclusive straight-line application with the Y-Text Tagger. No withdrawal time required.

ITEM #	MFG #	CASE/UNIT
34474	YTX1503000	10 x 25's

Optimizer Insecticide EarTags

Y-TEX

Controls horn flies, including pyrethroid-resistant horn flies, up to 5 months. Controls lice, Gulf coast ticks and spinose ear ticks. Aids in control of face flies. Contains 21.4% diazinon. For use on beef cattle and nonlactating dairy cattle. Bright orange color.

ITEM #	MFG #	CASE/UNIT
12332	YTX1403000	10 x 20's

Patriot Insecticide Eartags

KMG CHEMICALS

For use on beef and nonlactating dairy cattle to control horn flies (including pyrethroid resistant populations), Gulf coast ticks, spinose ear ticks, and as an aid to control face flies, lice, stable flies and house flies.

ITEM #	MFG #	CASE/UNIT
17612	KMG658521	16 x 20's

PYthon Insecticide Ear Tags

Y-TEX

For use on beef and dairy cattle including calves and lactating dairy cows. One tag per animal controls horn flies for 3 to 4 months and aids in the control of face flies. Two tags per animal control horn flies, face flies, lice, gulf coast ticks, and spinose ear

ticks for 4 to 5 months and aid in control of stable flies, black flies, house flies and small horse flies.

ITEM #	MFG #	CASE/UNIT
12334	YTX1817000	10 x 20's

PYthon Magnum

Y-TEX

PYthon Magnum is a sustained-release, plastic ear tag containing a synergized formulation of zetacypermethrin, a potent, enriched S-isomer pyrethroid compound. This insecticide has excellent activity against many pests, including horn flies that are resistant to certain other insecticides.

PYthon Magnum's larger net weight of 15.4 gm per tag provides greater insecticide release for maximum effectiveness against horn flies and other ectoparasites.

ITEM #	MFG #	CASE/UNIT
84011	YTX1857000	10 x 20's

Terminator II Eartags

KMG

For use on beef and non-lactating dairy cattle to control Horn Flies, Gulf Coast Ticks, and as an aid to control Face Flies, Lice, Stable Flies, and House Flies. Active ingredient - Diazinon. Not available for sale in CA.

ITEM #	MFG #	CASE/UNIT
7441	KMG236331200	16 x 20 x each

Warrior Insecticide Eartag

Y-TEX

Combines the high fly killing action of diazinon with the superior lice and tick control properties of chlorpyrifos. Especially effective against pyrethroid-resistant pests. Controls horn flies, biting lice, sucking lice, Gulf Coast ticks, spinose ear ticks and aids in control of face flies, stable flies and house flies.

ITEM #	MFG #	CASE/UNIT
12338	YTX2011000	10 x 20 x each

XP 820 Ear Tag

Y-TEX

XP 820 Ear Tag is particularly effective against horn flies, including strains resistant to synthetic pyrethroid and organophosphate insecticides. Contains Abamectin, an active ingredient never before used on cattle in the USA. This unique slow-release ear tag for cattle is also effective against ear

ticks, American Dog Ticks, Cattle Fever Ticks and Lone Star Ticks. Come 20 tags to a box.

ITEM #	MFG #	CASE/UNIT

Jaguar Bait Chunx

MOTOMCO

Jaguar Bait contains the strongest anticoagulant available, Brodifacoum for the toughest rat and mouse problems. This single-feeding, all-weather extrude bait features multiple gnawing edges and human food-grade ingredients for maximum acceptance by rats and mice.

ITEM #	MFG #	CASE/UNIT
54705	MOT31410	2 x 9 lb (Chunx)

Just One Bite Bars

FARNAM

The active ingredient is bromadiolone, a second-generation anti-coagulant rodenticide that causes internal bleeding. Norway rats, roof rats, and house mice may consume a lethal dose in a single feeding. Kills warfarin-resistant Norway rats. Death is delayed 4 to 5 days, so there's no bait shyness. 8, 1 lb bars per 8 lb box, each bar is individually wrapped. 4 boxes per case.

ITEM #	MFG #	CASE/UNIT
132594	FAR100504295	4 x (8 x 1b)

Just One Bite Chunk

FARNAM

The active ingredient is bromadiolone, a second-generation anti-coagulant rodenticide that causes internal bleeding. Norway rats, roof rats, and house mice may consume a lethal dose in a single feeding. Kills warfarin-resistant Norway rats. Death is delayed 4 to 5 days, so there's no bait shyness. (132596) 64, 2 oz chunks per 8 lb bucket. 4 buckets per case. (132597) 96, 2 oz chunks per 12 lb bucket. 1 per case.

FARNAM

Kills house mice in homes, apartments, garages and other residential structures. Low profile design allows easy placement behind stoves, refrigerators, under furniture, inside cabinets and in other hard to reach places. Each disposable bait station is preloaded with a 0.5 oz. block of Just One Bite® EX mouse bait. Sold in packs of 3 for multiple placements throughout the home.

ITEM #	MFG #	CASE/UNIT
132600	FAR100505463	6 x 3's

Just One Bite EX Block

FARNAM

The active ingredient is bromethalin, a neurotoxin that works directly on the brain causing fluid accumulation which disrupts normal nerve impulse. Bromethalin is not an anti-coagulant type rodenticide, it is effective against anti-coagulant resistant rats and mice. Norway rats,

roof rats and house mice usually consume a lethal dose in a single feeding, but it may take or more days from time of bait consumption for them to die. Due to Stop Feed Action, rats and mice cease feeding after consuming a toxic dose. Ideal for addressing and cleaning out heavy rodent infestations. 128, .5 oz bait blocks per 4 lb bucket. 8 per case.

Just One Bite EX Place Packs

FARNAM

The active ingredient is bromethalin, a neurotoxin that works directly on the brain causing fluid accumulation which disrupts normal nerve impulse. Bromethalin is not an anti-coagulant type rodenticide, it is effective against anti-coagulant resistant rats and mice.

Norway rats, roof rats and house mice usually consume a lethal dose in a single feeding, but it may take or more days from time of bait consumption for them to die. Due to Stop Feed Action, rats and mice cease feeding after consuming a toxic dose. Ideal for addressing and cleaning out heavy rodent infestations. 88, .75 oz pellet place packs per 4 lb bucket. 8 per case.

Tomcat Bait Chunx

MOTOMCO

TOMCAT baits are manufactured with human food-grade ingredients and enhancers. TOMCAT is an economical, multiple-feeding bait that kills rats and mice in 4 to 6 days.

ITEM #	MFG #	CASE/UNIT
28315	MOT32444	4 x 4 lb (Chunx)

Tomcat Block

MOTOMCO

TOMCAT baits are manufactured with human food-grade ingredients and enhancers, for a bait so palatable that rats and mice can't resist. Containing the anticoagulant diphacinone, TOMCAT is an economical, multiple-feeding bait

that kills rats and mice in 4 to 6 days

ITEM #	MFG #	CASE/UNIT
131683	MOT32465	4 x (4 x lb) (Block Display Box)

Tomcat Bromethalin

MOTOMCO

Tomcat with Bromethalin is a potent acute toxicant. Rodents stop feeding after eating a toxic dose so more rodents are controlled with less bait. There is a reduced risk of secondary poisoning. It provides sure, fast control, in one to two days, or even

hours in some instances.

ITEM #	MFG #	CASE/UNIT
131223	MOT22244	4 x 4 lb (Chunx)
131222	MOT22045	4 x 5 lb (Pellets)

Tomcat Liquid Concentrate

MOTOMCO

Tomcat liquid concentrate makes 1 qt of finished liquid bait. Ideal for use where water is scarce or where rodents have an extensive food supply. Contains the effective anticoagulant diphacinone. Diphacinone kills rats and mice in 4 to 6 days.

ITEM #	MFG #	CASE/UNIT
12737	MOT32700	12 x 8's (1.75 oz Pouch)

Tomcat Place Pac

MOTOMCO

TOMCAT is tougher than a barnyard cat for controlling rats and mice. TOMCAT baits are manufactured with human food-grade ingredients and enhancers, for a bait so palatable that rats and mice can't resist. Containing the anticoagulant diphacinone, TOMCAT is an economical,

multiple-feeding bait that kills rats and mice in 4 to 6 days.

ITEM #	MFG #	CASE/UNIT

Rodent Control - Trap

Tin Cat Repeating Mouse Trap

WOODSTREAM

This multiple-catch trap holds up to 30 mice. It can be safely used since it requires no poisons, bait or resetting. The Tin Cat is constructed of heavy-gauge galvanized steel for lasting service.

It can be immersed in water to dispose of mice. A hinged lid makes disposing of deceased mice simple.

ITEM #	MFG #	CASE/UNIT
12207	WOOM310	6 x each

Tomcat Glue Boards

MOTOMCO

Works without poison or mechanical apparatus. When rats and mice run over the glue board, they get stuck and you simply dispose of the glue board.

away from children, pets and non-target animals.

ITEM #	MFG #	CASE/UNIT
117517	MOT33473	5 x each

Tomcat Mouse Trap Heavy Duty

MOTOMCO

TOMCAT Heavy-Duty Mouse Trap brings superior trapping power to controlling mice. More effective and powerful than other snap traps on the market, this heavy-duty mouse trap features patented interlocking teeth that make escape virtually impossible. TOMCAT

Heavy-Duty Mouse Trap sets in a second with one hand. Disposing of captured mice is quick and easy, too. Hands never touch the mouse. A removable bait cup lets you fill the cup with an attractant and easily re-insert it - without having the trap set.

ITEM #	MFG #	CASE/UNIT
130231	MOT33530	12 x 2's

Tomcat Mouse Trap Live Catch

MOTOMCO

Extremely effective live catch mouse trap. Ready to use trap that allows you to catch 10 mice at a time. Blends in to surroundings, hitch impact polycarbonate lid for maximum durability.

ITEM #	MFG #	CASE/UNIT
124113	MOT33511	4 x each

Tomcat Mouse Snap Trap

MOTOMCO

Tomcat Mouse Traps set easily, with one hand, in one motion. Made of durable plastic, this spring-loaded snap trap features serrated teeth that optimize the capture of mice. The snap trap is strong enough to kill a mouse, yet is safe to use around pets and children.

ITEM #	MFG #	CASE/UNIT
80726	MOT33500	12 x 2's

Tomcat Rat Snap Trap

MOTOMCO

Patented, interlocking teeth make escapes virtually impossible. Baiting has never been safer or easier with our removable bait cup. Set easily with hand or foot.

ITEM #	MFG #	CASE/UNIT
88315	MOT33521	8 x each

Tomcat Spin Trap

MOTOMCO

Better, easier way to trap mice around the home. Incorporating the latest in design and effectiveness, the new Spin Trap features a user-friendly, read-out dial that clearly indicates when a mouse has been caught. The fully-enclosed capture area kills a mouse instantly and helps keep you from being exposed to the dead rodent. Once the trap is triggered, you simply toss out the entire trap. Spin Trap's covered portico encourages a mouse to enter the trap. The flat entry panel lets you place the spin trap along walls or in corners. And, Spin Trap's integrated bait cup and sliding door make it easy to bait with an attractant.

ITEM #	MFG #	CASE/UNIT
131236	MOT33549	8 x 2's

Tomcat Wooden Traps

MOTOMCO

The TOMCAT Wooden Mouse Trap combines reliability, enhanced features and good value into a familiar, time-tested design. Our design incorporates solid wood construction, a stronger, more reliable dual spring mechanism and an easy-to-use trigger.

The TOMCAT Wood Rat Trap, like the TOMCAT Wood Mouse Trap, incorporates the familiar time-tested trap design with a solid wood construction, stronger and more reliable dual-spring mechanism and an easy-to-use trigger. These enhanced design features ensure reliability in capture and ease in use.

Rodent Control - Repellent

Fresh Cab

EARTH-KIND, INC

Proven to repel rodents with a “woody” scent that you’ll find refreshing, but rodents find extremely offensive. Can repel rodents from treated areas for up to 30 days. The only EPA registered botanical rodent repellent for indoor use. Repels rats and mice fast. Lasts three times

longer than the closest competitor. Green safety: Safe around kids. 98% bio-based (natural)

ITEM #	MFG #	CASE/UNIT
88796	EKI001	3 x 12 x each

Mole & Gopher

Mole Killer Worm

MOTOMCO

Proven to kill moles in both fields and laboratory testing. Designed and manufactured to mimic a moles natural food source - the earthworm. Registered with the EPA utilizing proven laboratory test results

with moles.

ITEM #	MFG #	CASE/UNIT
108091	MOT34310	4 x 8's
108198	MOT39967	10 x 8's (Display)

Mole Killer Grub

MOTOMCO

New grub formula, mimics a mole’s natural food source. Bait active runways and then revisit 48 to 72 hours later. Runways that have had holes revealed within 72 hours should be baited. Moles may consume a lethal dose in a single feeding, but it may

take two or more days from the time of bait consumption for moles to die. See label for complete instructions.

ITEM #	MFG #	CASE/UNIT
118937	MOT34360	4 x 4's
118868	MOT39969	16 x 4's (Display)

Motomco Gopher Killer

MOTOMCO

Motomco Gopher Killer is applied directly into burrows of moles and gophers. The ready-to-use pelleted bait is easily dispensed using the “quick measure” bait scoop for fast, precise bait placements. Child- resistant bottles seal tight, keeping stored bait fresh and out of reach of children.

ITEM #	MFG #	CASE/UNIT
125911	MOTO32553	2 x lb

Prozap Mole & Gopher

NEOGEN

An easy-to-use pelleted bait that comes with a measuring scoop to dispense the bait. Kills moles and gophers by direct application to underground burrows, tunnels and mounds. It’s fast acting and quickly kills within hours with a single feeding. For best results, apply bait in early spring after the frost has gone, and in the fall before the first hard freeze.

ITEM #	MFG #	CASE/UNIT
38043	LOI112845	12 x lb

Revenge Smoke Bomb

ROXIDE

An effective, quick and reliable product for controlling gophers, moles, woodchucks, rats, skunks and ground squirrels. The smoke penetrates deeply into tunnels to do the job.

ITEM #	MFG #	CASE/UNIT
